

CHAPTER 4, PART 2

CLIENT INPUT MODULE

4.0 CLIENT INPUT OVERVIEW

Debt\$Net's Client Input Module facilitates the electronic transfer of collection account data to a collection agency. Use the Client Input Module to enter account information and download it to the collection agency. The collection agency then uses the Client Upload Module to load the accounts into their Debt\$Net system.

4.1 REQUIREMENTS AND INSTALLATION

4.1.1 Special Requirements

The Client Input Module is designed to run on PCs running Windows 95 or later and requires access to a disk drive in order to create collection agency transfer files on disk.

4.1.2 Installation

The Client Input Module is installed on your computer through the use of a supplied installation program on CD.

1. Place the supplied Client Input CD into your CD-ROM drive.
2. If the installation program does not run automatically, click the Windows "**Start**" button at the bottom of your screen and choose "**R**un..." from the Start Menu (Figure 4-1).
